WE ARE SEATING MANUFACTURERS

European product, **made 100% in Spain**, at our facilities in Ezcaray (La Rioja).

More than 40.000 s.m

We began working in **1994** and from the outset we have focused our efforts on differentiating ourselves from the usual solutions available in the market, based on **designing seats and seating** which bring together the concepts of user comfort, durability in the face of any kind of use or location and a design that gives each project beauty and an exclusive style.

At present, we are leaders in the international market for **quality, design, technology, innovation and competitiveness**, with a presence in more than **125 countries**.
